Sheep Market Report

11TH JUNE 2025 - A YARDING OF 6,581 SHEEP & LAMBS, WITH 4521 LAMBS AND THE BALANCE SHEEP.

Numbers lifted this fortnight by 3,000 head, with all major processors competing in a market that was generally firm. The best of the extra heavy crossbred lambs sold for a top of \$368/head, down \$12 from the last sale, though quality had slipped slightly. Heavy XLs sold to a top of \$300, remaining firm compared to the last sale. Medium to light XLs sold either side of firm, with some lambs fetching \$10-15 more than the previous sale, though this was heavily quality-dependent. The best of the hoggets reached a top of \$240/head. Very few Merinos were quoted this sale, with one pen selling for \$175/head. The best of the heavy XEs topped out at \$256/head, selling \$10-15 dearer than the last sale. Merino ewes in 3-4 score condition sold to a top of \$228, also selling \$15-20 dearer than the previous sale. The best ram made \$120/head.

Cattle Market Report

11TH JUNE 2025 - 750 CATTLE YARDED

This fortnight's fat sale saw a total of 750 head yarded, with a strong showing of yearling and fat cattle. The quality of the yarding contributed to competitive bidding across most categories. Feeder steers were in particularly high demand, reaching a top of 455.2c/kg, with most sales coming in around 20c/kg stronger than the previous market. Feeder heifers followed suit, also showing increased competition, with the best selling up to 409.2c/kg, marking a 20c/kg improvement on last sale. The heavy steer market held firm, with the top end making 390.2c/kg. There were insufficient numbers of heavy heifers yarded to provide a reliable quote this fortnight. A good run of cows was also on offer, with the top pens reaching 322c/kg, maintaining steady prices in line with the last sale. Overall, strong demand for feeders drove the market upwards, with consistent support seen across most categories.

JOKE OF THE WEEK

My wife was concerned about our 7 year old son's declining math grades. After a chat with him, his grades didn't improve. So we met with his teacher, still no improvement. As a last resort, we transferred him to the Catholic school. There, his attitude shifted, and he began doing his math homework diligently.

His next report card showed an 'A' in math. When asked about his improvement, he replied, 'On the first day of math class, I saw a guy hanging from a giant plus sign, and I knew they weren't messing around!'
